### Further Information regarding Student Support

#### **Residential Trip Grant**

A one-off **Academy Trip Grant** (worth **£95**) is available to those students qualifying for Free School Meals. Only one such grant is available during the student's schooling at the Academy. The grant is provided to meet partial costs of student's attendance on approved **residential** field trips or **residential** study activities. Form available on application.

---

**Travel assistance** is available to Year 7-11 in a limited number of cases where students whose registered home address is more than three miles from the Academy (measured over the shortest walking distance) and where it is judged that they would have a significantly longer journey to the Academy by using bus and/or tram services for which free usage is currently made available for students with an oyster card within London. This would only apply based on the registered address when first gaining a place at the Academy. Any student who subsequently moves once granted a place at the Academy will not be entitled to any enhanced provision of travel assistance based on their change of address. Distance from the Academy (and not receipt of welfare support) is the only qualification for provision of travel assistance. Form available on application. Those entitled to other forms of support from the Academy can contact Wandsworth Council to see if they can qualify for separate travel assistance.
