### Summary

The Academy is consulting all interested parties, including Trustees, the Executive Board, staff members, parents and community groups, on its admission arrangements for the Academic year 2020-21, and subsequent academic years. This consultation is a statutory exercise, even although there are no proposed changes to the Academy's admission arrangements and procedures.

There has been a recent change made to the Academy's admission arrangements. The Academy was asked by the borough of Wandsworth Council to temporarily increase the number of students it admits in Year 7 (in September 2018) from 210 to 215 to help accommodate an increase in the number of applications received for a secondary school place. This prompted the Academy to consider the capacity of its school buildings, the growing increase in numbers seeking a place at Ashcroft Technology Academy each year and to propose a model that would meet the increased demand for a place in Year 7 for September 2019 and every year thereafter.

With the agreement of the Academy's Trustees and the Executive Board, the Academy increased its Published Admission Number (PAN) from 210 in Year 7 to 240, therefore adding an extra form class (from 7 forms of entry to 8 forms of entry) to the year group from September 2019 and to every Year 7 cohort thereafter.
